

ERECTILE DYSFUNCTION SPECIALISTS

Compiled by Charles (Chuck) Maack – Prostate Cancer Activist/Mentor

DISCLAIMER: Please recognize that I am not a Medical Doctor. I have been an avid student researching and studying prostate cancer as a survivor and continuing patient since 1992. I have dedicated my retirement years to continued research and study in order to serve as an advocate for prostate cancer awareness, and, from a activist patient's viewpoint, to voluntarily help patients, caregivers, and others interested develop an understanding of prostate cancer, its treatment options, and the treatment of the side effects that often accompany treatment. There is absolutely no charge for my mentoring – I provide this free service as one who has been there and hoping to make your journey one with better understanding and knowledge than was available to me when I was diagnosed so many years ago. Readers of this paper must understand that the comments or recommendations I make are not intended to be the procedure to blindly follow; rather, they are to be reviewed as my opinion, then used for further personal research, study, and subsequent discussion with the medical professional/physician providing your prostate cancer care.

(Please keep in mind that this listing is of specialists regarding erectile dysfunction but not necessarily a list of those who provide penile implants – unless so noted. If interested in a penile implant, best to telephone or email to make that determination as well as ask how regularly the physician provides this procedure – you want one who has the experience of regularly providing penile implants)

NEW YORK CITY

John P. Mulhall, M.D., Memorial Sloan Kettering, NYC, NY. To learn more about this specialist including contact information for an appointment, please visit:

<http://www.mskcc.org/prg/prg/bios/777.cfm>

J. Francois Eid, M.D., 435 East 63rd Street, New York, NY 10065, telephone 212-535-6690

<http://www.urologicalcare.com/> (over 3000 implants)
